

THE VAN HORNE INSTITUTE

Renewable Electricity Conference

Conference on the Economics of Electricity Generation and the Environment

Matt Ayres
Deputy Administrator and Chief Economist
Market Surveillance Administrator

Matt is the Deputy Administrator and Chief Economist at the Market Surveillance Administrator (MSA). Matt's work at the MSA involves the monitoring, enforcement and promotion of effective competition and a culture of compliance and accountability in Alberta's electricity and retail natural gas markets. Matt also holds the position of Adjunct Assistant Professor in the Department of Economics at the University of Calgary.

Prior to joining the MSA, Matt worked as expert consultant in the area of markets and electricity. His other work experience includes applied econometrics, forensic economics and teaching and research at U.K. universities. Matt has a BA and MA in economics and PhD in game theory. Matt joined the MSA in April 2005.
