CONFERENCE**

William Mckinnon
General Manager
Western Region of DB Schenker

William McKinnon is the General Manager, Western Region of DB Schenker, a global logistics company with 2300 employees in Canada and over 90,000 worldwide operating in 130 countries. William has been active in supply chain management over the past 25 years. He brings a unique perspective as his experience has been from both a supplier and purchaser of Air, Land, Ocean, Customs and Contract Logistics services. He believes that a robust scalable supply chain is the distribution network for economic growth.
