

Patti Dunlop

T&L Business Development Manager, Calgary Economic Development

Business and Industry Development Manager, Transportation, Supply Chain and Aerospace sector with Trade, Investment and Attraction with Calgary Economic Development. She has been in the Transportation and Logistics sector for 25+ years with diverse and cross-sector comprehensive experience.

One of the key focus areas is the retention of business, investment attraction and industry expansion to continue Calgary's position as the distribution and inland market for Western Canada. Working alongside stakeholder partners such as the City of Calgary, Calgary Airport Authority and other government departments and industry.
